Dear Weir:

I received this last Christmas from George Washburn a snapshot, which I believe he also sent to you, picturing you, me, George and some others in his 1908 Pope Hartford at their Manchester, Mass., home. I recall the visit but haven't the slightest idea where George Washburn may now be in Florida where I could thank him.

Did you hear from George? Do you recall when the picture was taken? And, how are you all?

Sincerely,

SIGNED
